## THE FINANCE PROFESSIONAL

“The finance professional has become a change-maker... a value officer rather than a financial officer.... [who] can ensure a company navigates through the diverse, dangerous, opaque, complex, multi-layered, multifaceted, kaleidoscopic world of the 21<sup>st</sup> century.”

# IIRC IMPLEMENTATION FEEDBACK FOCUS GROUPS

# AFRICA PERSPECTIVE

### Project Objective:

To identify how the SAICA competency framework should be changed to ensure CAs of the future will continue to meet its vision of “Developing Responsible Leaders”, and meet its mission which includes delivering competent members who remain relevant to the markets they serve and who continue to serve the public interest?

## Preliminary Findings:

Adaptability  
Citizenship  
Communication  
Critical Thinking  
Entrepreneurial skills  
Ethics  
Flexibility  
Holistic approach  
Innovation skills  
Leadership  
Life-long learning  
People skills  
Professional Judgement  
Self-management  
Strategic thinking  
Technical expertise  
Technological skills

*“The illiterate of the 21<sup>st</sup> century will not be those who cannot read and write, but those who cannot learn, unlearn and relearn...”*
